Financial Policy

Thank you for selecting our dental healthcare team. We strive to provide you with the best possible dental care.

I understand that the release of information including diagnosis and the records of any treatment or examination rendered to me or my child maybe requested by my insurance company, other third party payers and/or health practitioners.

I authorize and request my insurance company to pay directly to the dentist or dental group any insurance benefits otherwise payable to me. I understand that my dental insurance carrier may pay less than the actual bill for services. I agree to be responsible for any and all unpaid balances for services rendered on my behalf or my dependents.

In the unlikely event of non-payment of my account, I agree to pay a charge of 1.5% per month on balances over 90 days (1.8% APR). I also agree to pay any collections costs, court costs and a reasonable attorney's fee on unpaid balances should my account be sent to an outside collection company.
